

# Leverage Hedge Shears with Carbon Steel Blades

These hedge shears feature durable, high-carbon steel blades for efficient cutting. Their lever mechanism increases cutting power, and the ergonomic handles provide comfort during use.

## Product Overview

### Professional Hedge Shears

These professional-grade hedge shears are engineered for precision and durability in landscaping and gardening applications. Featuring high-carbon steel blades and an integrated lever mechanism, they provide exceptional cutting power while minimizing user effort. The ergonomic, non-slip handle design ensures comfort and control during extended periods of operation, making them a reliable choice for heavy-duty trimming tasks.

## Technical Specifications

Blade Material	High-carbon steel
Blade Length	8 inches
Overall Length	24 inches
Weight	2 lbs
