Product Overview

High-Efficiency Charging Solution

The C300 battery charger is a robust power solution engineered specifically for Li-ion battery systems. Designed with an aluminum alloy housing for efficient heat dissipation, this unit delivers a reliable 54.6V output at 5A. It features intuitive LED status indicators, providing clear visual feedback during the charging cycle to ensure safe and optimal battery maintenance.

Technical Specifications

Output Power

54.6 V

Output Voltage

5 A

Output Current

300 W

Output Power

Input Voltage Range

110-264VAC

Physical Attributes

Dimensions

135 x 90 x 50 mm

Net Weight

0.9 kg

Housing Material

Aluminium Alloy

Compatibility & Usage

Available Socket Standards

EU • AU • UK • US

Primary Applications

Electric Motorcycle, Scooter, Clean Machine, E-bike

Compliance & Warranty

Warranty Period	12 Months
Certifications	CE
