

Lifting Hand Truck

These lifting hand trucks are designed for lifting and transporting heavy loads. Model STD-181 has a capacity of 181 kg, while model STD-227 can handle up to 227 kg.

Overview

Versatile Lifting Solutions

The STD-181 and STD-227 are professional-grade lifting hand trucks engineered for efficient material handling and load transport. These units provide reliable lifting capabilities with distinct specifications tailored to different load requirements. Both models share a consistent fork design, ensuring stability and ease of use in various warehouse and industrial environments.
