

# Light Blue Step-Through Motorcycle with Luggage Rack

This light blue motorcycle features a single-cylinder engine and a step-through frame design. It includes a luggage rack behind the seat and provides a classic, upright riding position.

## Overview

### Classic Step-Through Design

This light blue step-through motorcycle combines vintage-inspired aesthetics with practical utility for daily commuting. Featuring a reliable single-cylinder engine and a comfortable, upright riding position, it is designed for ease of use and maneuverability in urban environments. The inclusion of a rear luggage rack adds versatility for carrying essentials, making it a functional choice for professional or personal transport.
