

Light Duty Drill Press

This drill press is a versatile machine tool designed for drilling operations. It features a sturdy construction, adjustable worktable, and a variable speed motor for precise control.

Product Overview

Versatile Drilling Solution

This light duty drill press is designed for flexibility and precision across various applications. It serves well in professional machine processing and maintenance tasks, while remaining accessible for light-duty DIY projects and daily workshop use. Its sturdy construction and adjustable features ensure reliable performance for small-scale manufacturing environments.

Technical Specifications

Application Class

Light Duty

Feature List

- Adjustable worktable for versatile positioning
- Variable speed motor for precise operation
- Integrated depth stop for accurate drilling
- Robust spindle assembly for durability

Available Models

ZQ-4113, ZQ-4116
