Product Overview

Professional Lithium Battery Charger

The C300 series is a high-performance battery charger engineered specifically for lithium-ion battery systems. Housed in a durable aluminum alloy casing, this unit ensures efficient heat dissipation and long-term reliability. It is an ideal power solution for electric motorcycles, scooters, and e-bike applications, featuring intuitive LED status indicators for safe and easy operation.

Technical Specifications

Performance Metrics

54.6 V

Output Voltage

5 A

Output Current

300 W

Output Power

Input Voltage Ranges

Range Type	Voltage Range
Low Voltage	110-132 VAC
High Voltage	200-264 VAC

Physical & Build

Dimensions	135 x 90 x 50 mm
Net Weight	0.9 kg
Material	Aluminium Alloy

Compliance & Support

Socket Standards

- EU
- AU
- UK
- US

Certifications

CE, RoHS

Warranty

12 Months

Applications

Compatible Applications

Electric Motorcycle • Scooter • Clean Machine • E-bike
