Product Overview

High-Efficiency Smart Charger

The C600B is a compact, high-performance battery charger specifically engineered for lithium-ion battery systems. Housed in a durable aluminium alloy casing, it features active thermal management with an integrated cooling fan to ensure stability during operation. This unit provides reliable, fast-charging capabilities with clear LED status indicators for monitoring charging progress.

Technical Specifications

Output Performance

29.2 V
Voltage

18 A
Current

Input Voltage	110-132VAC / 200-264VAC
Supported Battery Chemistries	Li-ion, LiFePO4, Lead Acid
Output Power	400 W

Physical Dimensions

Dimensions	135 x 90 x 50 mm
Net Weight	1.35 kg
Housing Material	Aluminium Alloy

Compliance and Safety

Certifications

CE • RoHS

Warranty

12 Months

Application

Suitable Applications

- Electric Motorcycles
- Scooters
- E-bikes
