Product Overview

High-Performance Li-ion Charging Solution

This professional-grade battery charger is engineered for reliable, high-efficiency charging of lithium-ion battery systems. Designed for versatility, it supports a wide input voltage range to accommodate diverse power environments. With a robust aluminium alloy housing and integrated safety features, it provides a durable and secure charging solution for electric mobility and industrial equipment.

Technical Specifications

Output Performance

63 V

Output Voltage

13 A

Output Current

819 W

Output Power

Input Voltage Range 110-132VAC / 200-264VAC

Battery Compatibility 15S Li-ion

Physical & Build

Dimensions 264 x 120 x 89 mm

Net Weight 2.1 KG

Housing Material Aluminium Alloy

Compliance & Support

Certifications CE

Warranty 12 Months

Applications

Compatible Equipment

- Electric Bike
- Electric Motorcycle
- Electric Scooter
- Cleaning Equipment
- Golf Cart
