Overview

High-Performance Li-ion Charger

The C1200 is a robust, professional-grade battery charger engineered specifically for high-capacity Li-ion battery packs. Designed for versatility, it supports a wide range of applications including e-bikes, electric motorcycles, scooters, and industrial cleaning equipment. With its durable aluminium alloy construction and CE certification, this unit ensures reliable and safe charging performance for demanding power requirements.

Technical Specifications

Output Power

504 W

Total Power

12.6 V

Voltage

40 A

Current

Input Voltage Range

110-132VAC, 200-264VAC

Battery Compatibility

Li-ion (3S Cells in Series)

Physical Attributes

Dimensions

264 x 120 x 89 mm

Net Weight

2.1 KG

Housing Material

Aluminium Alloy

Compliance & Support

Certifications

CE

Warranty

12 Months

Applications

Suitable Applications

- Electric Bikes
- Electric Motorcycles
- Scooters
- Cleaning Equipment
- Golf Carts
