

Lithium-Ion Battery for Rotary Lasers

Rechargeable lithium-ion battery pack designed for use with rotary lasers. It features a 3.7V, 10000mAh capacity providing 37Wh of power.

Product Overview

High-Performance Rotary Laser Power

This rechargeable lithium-ion battery pack is designed to provide reliable, long-lasting power for professional rotary laser systems. Engineered with a durable plastic housing, it supports extended field operations with a runtime of up to 40 hours per charge. With built-in advanced safety protections against short circuits and overcharging, this battery ensures longevity and peace of mind for demanding work environments.

Technical Specifications

Voltage	3.7 V
Capacity	10000 mAh
Energy Rating	37 Wh
Model Number	26650-2

Performance & Safety

Operational Runtime

40 hours

Runtime

Safety Protections

- Overcharge protection
- Short circuit protection

Certifications

CE, Li-ion Recycle

Compatibility

Compatible Rotary Lasers

- PR500HV series
- PR500HVG series
