

Lithium-Ion Cordless Impact Driver

This compact impact driver is powered by a lithium-ion battery. It features variable speed control and an ergonomic grip.

Overview

Professional Cordless Impact Driver

This cordless impact driver is engineered for efficiency in fastening applications, offering a reliable 12V Li-ion power source. With a high-speed motor reaching up to 2400rpm and a robust impact rate of 3000ipm, it handles demanding tasks with ease. The ergonomic soft-grip handle and integrated LED indicators ensure user comfort and operational precision during extended use.
