Product Overview

Professional Grade Replacement Battery

This high-capacity lithium-ion power tool battery is designed to provide reliable, long-lasting power for demanding professional applications. Each unit undergoes rigorous testing, including aging cycles of two charges and one discharge, to ensure peak performance and stability. The internal cells are precisely calibrated using advanced dividing machines to guarantee consistent output and extended service life.

Technical Specifications

Rated Voltage	14.4 V
Battery Chemistry	Lithium-Ion

Logistics & Quality

Quality Control Processes

- Full inspection with original tools
- Dual charge aging test
- Single discharge aging test
- Cell-dividing machine calibration

Packaging Configuration	Bubble bag, individual small box, and outer carton (10 units per carton)
Accepted Payment Methods	T/T, L/C, PayPal, Western Union, MoneyGram, WeChat Pay, Alipay
