

LK-A125 Angle Grinder for Metal and Stone

This angle grinder is designed for grinding, cutting, and polishing various materials such as metal, stone, and concrete. It features a high-performance motor that delivers consistent power and speed.

Product Overview

Professional Performance and Versatility

The LK-A125 Angle Grinder is a robust and versatile power tool engineered for grinding, cutting, and polishing tasks across metal, stone, and concrete surfaces. Equipped with a high-performance 850W motor, it ensures consistent speed and efficient material removal for demanding applications. Designed with user comfort and safety in mind, it features an ergonomic grip, a side handle for enhanced control, and an integrated wheel guard to protect the operator.

Technical Specifications

Rated Input Power

850 W

Power Output

Disc Compatibility

Specification	Value
Max Disc Diameter	125mm
Hole Diameter	22mm

No-Load Speed 11000 R/Min

Electrical & Mechanical

Power Requirements 110V/220V, 50/60Hz

Spindle Thread M14

Logistics & Packaging

Packaging Info

- Quantity per Carton: 10 PCS
- Carton Dimensions: 65x32x28 cm
- Net Weight: 1.95 kg
- Gross Weight: 22 kg
