Product Overview

Precision Engineering for Tight Spaces

These long nose pliers are crafted from durable 45-steel, engineered to provide reliable performance for intricate tasks. Featuring a slender, extended nose design, they are specifically optimized for accessing confined spaces and manipulating small components with high precision. Designed with ergonomic handles, these tools prioritize user comfort and control, making them an essential addition for electrical work, jewelry fabrication, and general maintenance repairs.

Technical Specifications

Available Sizes

- 6-inch
- 8-inch

Material Grade

45-Steel • CR-V

Material

45-Steel

Key Features

Primary Applications

Electrical Work, Jewelry Making, General Repairs, Wire Manipulation

Design Focus

Ergonomic handle design for reduced hand fatigue during extended use
