

Long Nose Pliers with Insulated Grip

These long nose pliers are constructed from durable metal. They feature insulated yellow and blue handles, providing a comfortable and secure grip for precision work.

Product Overview

Professional Grade Long Nose Pliers

These long nose pliers are engineered for precision tasks, offering a robust metal construction that ensures long-term durability. Designed specifically for electrical and mechanical applications, they provide excellent control for gripping, cutting, and bending wires. The ergonomic insulated handle design prioritizes user safety and comfort during repetitive professional use.
