

# Low Headroom Electric Wire Rope Hoist

This low headroom electric hoist is designed for applications where space is limited. It is suitable for a wide range of lifting applications in industrial and construction settings.

## ADDITIONAL IMAGES

## Product Overview

### SHA XD Low Headroom Electric Hoist

The SHA XD Low Headroom Electric Hoist is specifically engineered for industrial and construction environments where vertical space is constrained. Its compact, heavy-duty design maximizes available lifting height while providing reliable and efficient performance. Equipped with safety features like overload protection and emergency stop functionality, it ensures secure operation for professional lifting applications.

## Technical Specifications

### Safety Equipment

- Safety hook with latch
- Overload protection system
- Emergency stop functionality

<b>Hoist Type</b>	Low Headroom Electric Wire Rope Hoist
<b>Primary Features</b>	Low Headroom Design, High-Efficiency Motor, Overload Protection, Emergency Stop
