

Low-Noise Diesel Power Generator

This low-noise diesel generator is engineered for dependable power generation, producing minimal noise. It incorporates a robust diesel engine and a high-efficiency alternator, all encased in a soundproof canopy for quiet operation.

Overview

Reliable Power Generation

This low-noise diesel power generator is engineered for dependable performance in diverse environments. Featuring a robust diesel engine and a high-efficiency alternator, it is encased in a soundproof canopy to ensure quiet operation without compromising output. It is an ideal solution for backup power, prime power, or remote site applications.

Key Features

Noise Control

Soundproof Canopy • Low-Noise Operation

Suitable Applications

Backup Power, Prime Power, Remote Site Power

Technical Specifications

Performance Overview

1 High

Operational Efficiency

Core Components

- Robust Diesel Engine
- High-Efficiency Alternator
- Advanced Control System
- Soundproof Canopy
