

# Low Speed Masticating Juicer

This juicer efficiently extracts juice from a variety of fruits and vegetables, including leafy greens. Its low-speed auger system minimizes oxidation to preserve more nutrients.

## Product Overview

### Low Speed Masticating Juicer

This professional-grade masticating juicer utilizes a slow-speed auger system designed to maximize extraction efficiency while minimizing oxidation. By preserving essential nutrients, it ensures high-quality juice output from a wide variety of fruits and vegetables. The design prioritizes user experience with a digital control panel, intuitive reverse function, and easy-to-clean components for seamless daily operation.

## Technical Specifications

Extraction Technology	Low-speed auger masticating system
Anti-Clogging Mechanism	Yes

## Key Features

### Components

- Juice collection container
- Pulp collection container
- Feeding chute

Control Panel	Digital
