

# Magnetic Wireless Car Charging Phone Mount

This car phone mount provides wireless charging for compatible smartphones. It features a magnetic design and automatic clamping for secure, one-handed operation.

## ADDITIONAL IMAGES

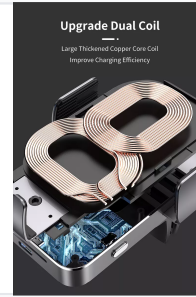

## Overview

### Smart Magnetic Wireless Car Charger

This 2022 new style car mount combines high-speed 15W wireless charging with a fully automatic magnetic clamping mechanism for a seamless driving experience. Designed for one-handed operation, the intelligent induction system securely locks your smartphone in place, ensuring stability even on bumpy roads or during emergency braking. With its sleek metal craft design and integrated LED light ring, it offers both premium aesthetics and enhanced safety for night-time use.

## Performance

### Charging Performance

**15 W**

Max Output

**9 V**

Input Voltage

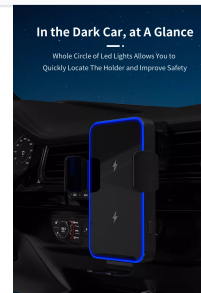

### Input Specifications

- 5V / 2A
- 9V / 2A

### Supported Output Power

5W, 7.5W, 10W, 15W

## Design & Build

### Materials

Metal, PC, Copper Core Coil

### Dimensions

69 x 130 x 125 mm

### Net Weight

140 g

### Available Color

Tarnish

## Key Features

### Smart Functionality

- Fully Automatic Induction Clamping
- Magnetic Alignment
- 360° Rotation Ball Joint
- Super Capacitor (Operates when engine is off)
- LED Light Ring for Night Visibility
- Case-Friendly Charging (up to 5mm thickness)

### Mounting System

Universal Knob Clamp for Air Vents

## Safety & Standards

### Safety Protections

- Over-Current Protection
- Over-Voltage Protection
- Over-Temperature Protection
- Foreign Object Detection (FOD)
- EMF Protection
- Device Matching Intelligence

### Compliance & Certifications

Qi Standard • CE • FCC • RoHS • REACH
