

Maintenance Free Car Battery

This is a maintenance free car battery. It features corrosion and vibration resistance.

Product Overview

High-Performance Maintenance-Free Battery

This 12V 150AH maintenance-free battery is engineered for reliable engine cranking in heavy-duty truck applications. Featuring a sealed design and durable construction, it provides consistent power with excellent corrosion and vibration resistance. Designed for longevity and ease of use, this unit is a robust solution for professional automotive power needs.

Technical Specifications

Rated Voltage

12 V

Rated Voltage

Rated Capacity

150 AH/20HR

Rated Capacity

Dimensions (L*W*TH)

510*220*230 mm

Gross Weight

39 kgs

Construction & Design

Construction Details

Feature	Specification
Model Number	MFN150
Group Number	G51
Maintenance Type	Free Maintenance
Sealed Type	Sealed
Container Material	PP
Separator Material	PE

Available Colors

Black • Gray

Compliance & Services

Certifications	ISO9001, ISO14001, OHSAS18001, CE, UL
OEM Services	Yes
