Product Overview

Heavy-Duty Manual Chain Hoist

This manual chain hoist is engineered for demanding lifting and positioning applications in industrial and construction environments. Built with high-strength alloy steel components, it ensures durability and operational safety. The hoist features a smooth operating mechanism designed for efficient load management, making it an essential tool for maintenance and heavy-duty lifting tasks.

Technical Specifications

Lifting Capacity

1 ton

Capacity Option 1

2 ton

Capacity Option 2

Safety Standards

CE Certified • Safety Instructions Included

Material Composition

High-strength alloy steel, Durable chain, Industrial-grade housing

Usage Information

Recommended Applications

- Industrial lifting
- Construction sites
- Heavy load positioning
- Maintenance operations
