

Manual Dispense Airpot

This manual dispense airpot requires no external power, making it suitable for use in any location. It features an automatic dispense button that delivers hot water with a single press.

Product Overview

Professional Manual Dispense Airpot

This 4.2L capacity airpot is designed for efficient hot water dispensing in professional environments. Featuring a durable light gray body with elegant silver accents, it ensures hot water is readily available throughout the day. The integrated water level indicator allows for precise monitoring of capacity from 1.0L up to the 4.2L maximum.
