

Manual Hand Saw for Construction

This is a manual hand saw used in decoration and building. It features a serrated blade and a black and yellow handle for grip and control.

Product Overview

Professional Manual Hand Saw

This manual hand saw is engineered for precision and durability in demanding construction and decoration environments. Featuring a high-performance serrated blade, it is designed to cut through a variety of building materials with ease and control. The ergonomic handle, finished in a high-visibility black and yellow color scheme, ensures a secure grip for extended professional use.
