

Manual Handheld Sprayer

This manually operated hand sprayer is designed for gardening, agricultural, and cleaning. It features a durable plastic construction, a refillable tank, and an adjustable nozzle.

Overview

Professional Manual Handheld Sprayer

This manually operated handheld sprayer is designed for versatile applications, including agricultural, gardening, and cleaning tasks. Constructed from durable plastic, it features a refillable tank and an adjustable nozzle that allows users to precisely control the spray pattern. The unit is engineered for portability and ease of use, incorporating a manual pump lever for pressurization and a convenient trigger mechanism on the spray wand.
