

Manual Hedge Shear with High-Carbon Steel Blades

This manual hedge shear is designed for precise and efficient trimming. It features high-carbon steel blades and ergonomic handles.

Product Overview

Professional Manual Hedge Shear

This manual hedge shear is designed for precise and efficient trimming of hedges and shrubs. Engineered for durability, it features high-carbon steel blades that maintain sharpness for extended use. The tool incorporates an ergonomic handle design to ensure a comfortable grip and reduce user fatigue during long trimming sessions, while the integrated lever mechanism provides increased cutting power for thicker branches.

Technical Specifications

Total Length	557 mm
