Overview

High-Performance Hydraulic Hand Pump

This manual hydraulic hand pump is engineered for durability and efficiency, featuring a lightweight and compact design suitable for various professional hydraulic applications. Constructed with a reinforced engineering plastic fuel tank and a nylon-covered aluminum pump body, it offers excellent corrosion resistance. The dual-speed operation capability significantly enhances productivity by reducing handle strokes by up to 78% compared to single-speed models.

Design & Construction

Material Features	Reinforced Engineering Plastic Tank, Nylon Covered Aluminum Body, Corrosion Resistant, Lightweight

Performance Metrics

Key Performance Metrics

700 bar	78 %
Max Pressure Rating	Handle Stroke Reduction

Technical Specifications

Model Specifications

Model	Capacity (cm³)	Speed Type	Weight (kg)
P141	327	Single-Speed	2.4
P142	327	Two-Speed	5
P391	901	Single-Speed	4.1
P392	901	Two-Speed	4.2
