

# Manual Salad Spinner with Hand Crank

This manual salad spinner efficiently removes excess water from washed lettuce and other greens. Featuring a hand-crank mechanism for easy spinning, it includes a durable plastic bowl and an inner basket with drainage holes.

## Product Overview

### Efficient Salad Preparation

This manual salad spinner is designed to efficiently remove excess water from washed lettuce and various greens. Utilizing a smooth hand-crank mechanism, it ensures quick and effective drying for both home cooks and professional chefs. The durable, clear bowl construction allows for easy monitoring of the spinning process, making it a practical addition to any kitchen.
