

Marble Cutting Machine

This marble cutting machine is designed for precise cutting of marble, granite, tile, and other stone materials. It features adjustable cutting depth and a water cooling system.

Overview

Professional Marble Cutting Solution

The LK-M180 is a high-performance cutting tool engineered specifically for stone fabrication, including marble, granite, and tile. Featuring a 1400W motor and a 180mm blade capacity, it delivers efficient and precise cuts for construction and masonry professionals. Its robust design ensures durability during intensive use, while the adjustable cutting depth provides the versatility needed for various stone applications.

Technical Specifications

Rated Input Power	1400 W
No-Load Speed	5000 r/min
Blade Diameter	180 mm
Max Cutting Capacity	60 mm

Electrical Requirements

Rated Voltage	110V, 220V
Rated Frequency	50Hz, 60Hz
