

# Mass Air Flow Meter for Engine Management

This mass air flow sensor is designed for LADA KALINA (1117) 1.6. It accurately measures the mass of air entering the engine, enabling the engine control unit (ECU) to deliver the correct fuel mixture for optimal combustion and performance.

## Product Overview

### Precision Mass Air Flow Meter

This mass air flow sensor is engineered to accurately measure the volume of air entering your engine, providing critical data to the engine control unit (ECU). By ensuring the correct air-fuel mixture, it optimizes combustion, improves fuel economy, and helps maintain lower emission levels. Designed as a direct replacement part, it offers reliable performance and straightforward installation for a wide range of compatible vehicles.

## Technical Details

### Interchange Part Numbers

21083-1130010-20, 0280218116

## Compatibility

### Compatible Vehicle Models

- LADA Kalina (1117) 1.6
- VAZ 2108-21099
- VAZ 2113-2115
- VAZ 2110-2112
- VAZ 1118-1119 Kalina
- VAZ 2170-2172 Priora
- Chevrolet Niva 21214
- Chevrolet Niva 2123

### Emission Standards Supported

Euro-2 • Euro-3

### Compatible From Year

2005
