

Material Mixing Agitator

This agitator is designed for efficiently mixing a variety of materials. It features a powerful motor to ensure consistent mixing performance.

Product Overview

Professional Material Mixing Agitator

This high-performance material mixing agitator is engineered for efficiency and consistent performance across industrial and construction applications. Designed with user comfort in mind, it features ergonomic soft-grip handles for superior control during operation. Its robust construction ensures durability in demanding environments, making it a reliable tool for professional mixing tasks.

Technical Features

Tool Holder Thread

M14

Operational Controls

Control Features

Soft start, Variable speed, Step speed selection, Lock-on function

Ergonomics

Grip Design

Soft grip
