

# MCCB Auxiliary Contact

This auxiliary contact is designed for controlling the auxiliary circuit of an MCCB, providing indication of open and close states. It comes in sizes of 1N/O and 1N/C, 2N/O and 2N/C, and 4N/O and 4N/C.

## ADDITIONAL IMAGES

## Product Overview

### Function and Application

These auxiliary contacts are essential accessories designed for Molded Case Circuit Breakers (MCCBs). They facilitate the automatic control of auxiliary circuits and provide reliable, real-time indication of the breaker's status, specifically identifying whether the MCCB is in an open or closed position.

## Technical Specifications

### Available Configurations

- 1 N/O and 1 N/C
- 2 N/O and 2 N/C
- 4 N/O and 4 N/C

### Compatible Rated Current Ranges

<b>63 A</b> Low Range	<b>225 A</b> Low Range Max	<b>250 A</b> High Range	<b>1600 A</b> High Range Max
