

Medical Surgical Face Mask

This medical surgical mask complies with standard YY 0469-2011. It is suitable for providing a protective barrier for medical personnel.

Product Overview

Professional Surgical Protection

This disposable medical surgical mask is specifically engineered for high-risk clinical environments. Utilizing advanced melt-blown nonwoven filter media, it provides an effective barrier against airborne particles and droplets. Designed for single-use, it features an adjustable nose clip and elastic ear loops to ensure a secure, comfortable fit for healthcare professionals.
