

Mesh Steel Garden Cart Wagon

This heavy-duty mesh steel garden cart has a 1000 lbs capacity. Its mesh bed provides secure containment and allows for drainage and ventilation.

Product Overview

Heavy-Duty Mesh Garden Utility Wagon

This garden cart features a robust, fully welded iron mesh bed designed for durability and superior load management. Engineered with high-quality, anti-rust materials, the wagon is built to withstand rigorous use in landscaping and utility environments. Its mesh design facilitates excellent drainage and ventilation, making it an ideal tool for professional gardening tasks.
