

Metal Clips and Fasteners

Assorted metal clips and fasteners are available for various applications. These include clamps, brackets, and supports made from stamped metal, featuring holes for mounting and different shapes for securing various objects.

Product Overview

Versatile Metal Fastening Solutions

This collection features a wide range of assorted metal clips, clamps, and brackets designed for diverse industrial applications. Engineered from high-quality stamped metal, these components provide reliable support and secure mounting for construction, plumbing, and electrical projects. Their durable, corrosion-resistant finish ensures long-lasting performance in demanding environments.

Technical Specifications

Material Finish

Corrosion Resistant • Shiny Metal Finish • Stamped Metal

Key Design Features

- Pre-drilled mounting holes
- Assorted geometric shapes
- High-strength stamped construction

Application Areas

Construction, Plumbing, Electrical, Industrial
