Product Overview

Professional Metal Cut-Off Saw

This high-performance cut-off machine is engineered for precision and efficiency in demanding metal fabrication and construction environments. Featuring a robust metal base for enhanced stability and a powerful motor, it ensures consistent cutting performance across various industrial applications. The unit includes an integrated clamping mechanism and a protective guard to prioritize user safety and cutting accuracy.

Technical Specifications

Performance Metrics

3800 rpm

No-Load Speed

355 mm

Disc Diameter

Model Comparison

Model	Power (W)	Packing Size (mm)
CM-14KT	2000	520x295x390
CM-14K	2000	520x295x390
CM-14M	2200	540x305x403
CM-14MX	2600	540x305x403
