Product Overview

High-Performance Metal Cut-Off Saw

This robust cut-off machine is engineered for precision and efficiency in demanding metal cutting applications. Featuring a heavy-duty steel plate base, it provides the stability required for consistent, accurate results. Equipped with a powerful motor and high-speed cutting wheel, this tool is an ideal solution for industrial and construction environments where reliability is paramount.

Technical Specifications

Power Rating

3000 W
Max Power

Model: J3G-400T

Cutting Disc Diameter: 400 mm

Cutting Capabilities

Cutting Capacity Details

- Round pipe: 50mm
- Solid bar: 135mm
- L-shaped material: 100x10mm

Logistics & Physical

Weight (Net/Gross)	46kg / 54kg
Packing Size	720 x 440 x 560 mm
Quantity per 20' Container	160 pcs

Features

Key Features

Steel plate base • Adjustable vise • High-speed cutting
