

Metal Cut-Off Saw

This cut-off saw is designed for accurate and efficient material processing. It features a high-speed rotating blade, adjustable cutting angles, and a robust construction for durability.

Overview

Precision Metal Cutting Solution

The Cut-off Saw 92102 is a precision cutting tool engineered for accurate and efficient material processing. Featuring a high-speed rotating blade and adjustable cutting angles, it is built with robust construction for long-term durability. Equipped with a powerful motor, this saw ensures smooth, consistent performance across various materials, making it ideal for professional workshops and demanding projects.

Technical Specifications

Blade Type	T.C.T SAW BLADE
Blade Dimensions	210x30x2.6
Maximum Speed	6600 RPM

Features

Key Features	Adjustable Cutting Angles, High-Speed Rotation, Robust Construction, Secure Clamping Mechanism
--------------	--

Safety

Safety Equipment

- Blade Guard
- Secure Clamping Mechanisms
