

Metal Cut-Off Wheel Set, 10-Piece

This 10-piece set contains metal cutting discs designed for use with angle grinders. Each disc measures 100 x 1 x 16mm and is constructed to Type 41 specifications using A60 RBF abrasive.

Product Overview

Professional Metal Cutting Performance

This 10-piece cut-off wheel set is engineered for precision metal cutting applications. Each disc is built to Type 41 specifications, ensuring reliable performance when paired with standard angle grinders. Designed for efficiency and durability, this set provides a consistent cutting solution for various metal fabrication tasks.
