Product Overview

Industrial Grade Metal Cutting Torches

This professional-grade cutting torch series is engineered for high-performance industrial and construction applications. The robust brass construction ensures long-term durability and reliable performance in demanding environments. Designed for precision, these torches feature accurate gas control valves and ergonomic handles to accommodate various metal thicknesses and fuel gases.

Configuration & Types

Product Categories

- Cutting Torch
- Welding Torch (French, British, Swiss types)
- Heating Torch (Types A through F)

Available Torch Types

British Type, American Type, French Type, Russian Type, Japanese Type, Brazilian Type

Technical Features

Material

Brass

Compatible Fuel Gases

Acetylene, Propane
