Overview

Professional Vertical Band Saw

This high-performance vertical band saw is engineered for versatility and precision in metal fabrication environments. Featuring a variable speed inverter and a tilting table, it supports complex cutting operations including beveling, shaping, and contouring. The robust design accommodates a wide range of materials, making it an essential tool for workshops requiring reliable and accurate cutting performance.

Technical Specifications

Cutting Capacity

285 mm

Max Cutting Height

400 mm

Max Cutting Width

Table Specifications

Feature	Value
Table Size	550 x 600 mm
Tilt Angle	R-45°, L-15°

Motor Power

1.5 kW

Main Motor

0.09 kW

Grinder Motor

2.4 KVA

Electric Welder

Blade Compatibility

- Blade Speed: 0-1400 rpm (@50Hz)
- Blade Length: 3390-3467 mm
- Blade Width: 3-16 mm

Features & Accessories

Optional Accessories

Servo Motor

Key Features

Variable Blade Speed, Adjustable Blade Guard, Table Gauge, Programmable Inverter, Working Light
