

Metal Cutting Wheel 180 x 1.6 x 22.2mm

This metal cutting wheel measures 7" x 1/16" x 7/8" (180 x 1.6 x 22.2mm). It is designed for use with angle grinders to provide a fast, clean cut on steel, stainless steel, and other ferrous metals.

Product Overview

High-Performance Metal Cutting Wheel

This 180mm metal cutting wheel is engineered for precision and durability in demanding industrial environments. Designed for compatibility with standard angle grinders, it delivers fast, clean cuts on steel, stainless steel, and various ferrous metals with minimal burr formation. Built to safety standards, this abrasive tool ensures reliable performance for professional metal fabrication and maintenance tasks.

Technical Specifications

Dimensions

180 mm
Diameter

1.6 mm
Thickness

22.2 mm
Bore Size

Performance Limits

8500 RPM
Max Speed

80 m/s
Max Peripheral Speed

Compatible Materials	Steel, Stainless Steel, Ferrous Metals
Abrasive Specification	A36WZ
Standard Compliance	SR 13413
