

Metal Cutting Wheel

This cutting wheel provides high cutting efficiency. It also offers excellent durability for demanding metal cutting tasks.

Product Overview

High-Performance Cutting Solution

This professional-grade metal cutting wheel is engineered for high cutting efficiency and excellent durability in demanding industrial environments. Designed for freehand metal cutting applications, it delivers reliable performance and consistent results. The product meets rigorous international quality and safety standards, ensuring peace of mind for operators.

Technical Specifications

Maximum Speed

6600 RPM
Max RPM

80 m/s
Max Speed

Available Dimensions

- 230x3x22
- 230x6x22
- 9x1/8x7/8
- 9x1/4x7/8

Compliance & Quality

Certifications

MPA Certified, ISO 9001:2008

Product Features

Key Benefits

High Cutting Efficiency • Excellent Durability
