

# Metal Cutting Wheel for Stainless Steel

This cutting disc is designed for metal and stainless steel. It is suitable for professional use and features a high RPM rating.

## Product Overview

### Professional Metal Cutting Solution

This high-performance metal cutting wheel is engineered specifically for stainless steel and general metal applications. Designed for professional use, it delivers efficient cutting capabilities while meeting stringent safety standards. Its durable construction ensures reliability in demanding work environments.

## Technical Specifications

### Performance Metrics

**13300 RPM**

Max RPM

**80 m/s**

Max Speed

Dimensions	115 x 1.2 x 22.23 mm
Material	Abrasives
Color	Orange with black

## Compliance & Packaging

### Packaging

- Shrink wrapped
- 400 pieces per carton

Compliance	EN12413
------------	---------

## Usage

### Suitable Applications

Metal Cutting • Stainless Steel Cutting • Professional Use
