

Metal Mesh Roll Cage Trolley

This heavy-duty, four-wheeled, metal mesh roll cage trolley is designed for transporting goods. It features a robust metal frame, wire mesh sides and shelves, and swivel casters for easy maneuverability.

Product Overview

Industrial Roll Cage Trolley

This heavy-duty metal mesh roll cage trolley is engineered for efficient goods transport in demanding environments such as warehouses, distribution centers, and retail facilities. It features a robust metal frame with integrated wire mesh sides and shelving to ensure durability and secure storage of items during transit. Equipped with smooth-rolling swivel casters, this unit provides excellent maneuverability even when fully loaded.
