

Metal Scraper with Wooden Handle

This metal scraper is designed for efficiently scraping, spreading, or applying materials. It features a triangular blade with rounded edges and a cylindrical wooden handle.

Product Overview

Professional Metal Scraper

This versatile metal scraper is designed for heavy-duty scraping, spreading, and material application tasks. Featuring a durable triangular metal blade with rounded edges, it provides precision and control for various surface preparation jobs. The ergonomic wooden handle ensures a comfortable grip during extended use, making it an essential tool for construction, renovation, and maintenance professionals.
