

Metric Deep Wall Impact Socket Set

This set includes ten metric deep wall impact sockets, with sizes ranging from 24mm to 46mm. They are designed for use with impact wrenches and come in a blowmold case.

Overview

Professional Grade Impact Socket Set

This 10-piece metric deep wall impact socket set is designed for high-torque applications using 1-inch drive impact wrenches. The deep-wall design allows for reaching recessed fasteners, while the included heavy-duty blow-mold case ensures organized storage and easy transport between jobsites. It is an essential toolset for heavy machinery maintenance and industrial automotive work.
