

MHQ-S Metal Halide Lamp

This metal halide lamp is part of the MHQ-S series and is designed for high-intensity discharge lighting. It utilizes a quartz glass outer envelope and a compact arc tube to provide efficient light output.

Product Overview

High-Performance HID Lighting

The MHQ-S Metal Halide Lamp is engineered for demanding high-intensity discharge lighting applications. Featuring a durable quartz glass outer envelope and a compact arc tube, it delivers exceptional luminous efficacy and a reliable service life. This lamp is an ideal solution for industrial and commercial environments requiring robust illumination.

Technical Specifications

Rated Power	5 KW
Rated Voltage	230 V
Color Temperature	3200 K
Model Series	MHQ-S

Application & Compatibility

Operational Requirements

- Requires compatible ballast for operation
- Suitable for industrial and commercial fixtures

Suitable Applications	Street Lighting, Sports Lighting, Area Lighting, Industrial Lighting
