

Micro HDMI to HDMI Cable

This cable is a High-Definition Multimedia Interface (HDMI) 1.4 Type A to Type D cable. It supports resolutions up to 4K and features gold-plated connectors for optimal signal transfer and corrosion resistance.

Product Overview

High-Definition Connectivity

This Micro HDMI to HDMI cable is designed for seamless transmission of high-bandwidth, uncompressed digital audio and video signals. It facilitates reliable connectivity between standard HDMI devices and portable electronics such as smartphones, tablets, and digital cameras. Featuring gold-plated connectors for optimal signal transfer, this cable supports high-resolution output for a crisp, clear viewing experience.
