

Micro Torch LED Keychain Light

This micro torch keychain light combines a mobile phone accessory with a flashlight. It features a bright LED light source, convenient flash function, and is powered by a replaceable CR1220 battery.

Product Overview

Innovative Mobile Illumination

The Micro Torch LED Keychain Light is a compact, innovative solution designed to integrate seamlessly with your mobile phone or everyday carry items. Featuring two powerful LEDs, this device provides sufficient brightness for navigating dark environments, finding keys, or locating locks. Its peel-and-stick design allows for versatile placement, while the replaceable battery ensures long-lasting utility without the need for bulb replacements.
