

Microfibre Cleaning Cloths - 4-Piece Set

This 4-piece microfibre cloth set is designed for a variety of cleaning tasks. The cloths are ultra-soft and extremely absorbent, making them ideal for dusting, washing, polishing, and cleaning glass.

Product Overview

Professional Cleaning Performance

This 4-piece microfibre cloth set is engineered for versatility and high-performance cleaning across various surfaces. Featuring ultra-soft and highly absorbent materials, these cloths utilize small filaments to effectively lift dirt, dust, and grime without scratching. They are an ideal solution for both automotive detailing and general household maintenance tasks.
